

# Offering you...

## Leadership programs and training

Our leadership programs and training seminars provide practical tools and strategies that enable managers to become leaders. Experience the difference this empowering approach brings to your organisation, business, company or team.

## Success Coaching

### Face to Face or Telephone

Whether you are in business, industry, government or the not-for-profit sector; peak performance, efficiency and results are the key drivers of your activity. Learn how to achieve more, create and maintain your passion and enthusiasm and that of those around you.

## Facilitation

100 Monkeys will customise workshops to meet your individual needs, be that planning, training, team building, organisational development or innovation sessions.

## Planning

Strategic, Community and Business planning take on new meaning through our highly interactive approach. Imagine how you could grow your organisation, business or program when you achieve full engagement and ownership.
